

TEST_F

```
graph LR; A[TEST_F] --> B["dotnamecpp::assets<br>::AssetManager::resolveAsset"]
```

A diagram showing a call from a test function to a static method. On the left, a gray box contains the text 'TEST_F'. A blue arrow points from this box to a larger white box on the right. The white box contains the text 'dotnamecpp::assets' on the first line and '::AssetManager::resolveAsset' on the second line.

dotnamecpp::assets
::AssetManager::resolveAsset
