

dotnamecpp::utils::
UtilsFactory::createBundle

```
graph LR; A["dotnamecpp::utils::  
UtilsFactory::createBundle"] --> B["dotnamecpp::utils::  
UtilsFactory::createString  
Formatter"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'dotnamecpp::utils::' followed by 'UtilsFactory::createBundle' on two lines. The right box is gray with a black border and contains the text 'dotnamecpp::utils::' followed by 'UtilsFactory::createString' and 'Formatter' on three lines.
