

SlashCommand::setDefault
Permissions

SlashCommand::setDmPermission

SlashCommand::SlashCommand

```
graph LR; A[SlashCommand::setDefaultPermissions] --> C[SlashCommand::SlashCommand]; B[SlashCommand::setDmPermission] --> C;
```

The diagram illustrates a relationship between two methods and a class. On the left, two white rectangular boxes with black borders contain the method names 'SlashCommand::setDefaultPermissions' and 'SlashCommand::setDmPermission'. On the right, a gray rectangular box with a black border contains the class name 'SlashCommand::SlashCommand'. Two blue arrows point from the right side of each method box to the left side of the class box, indicating that both methods are associated with or inherit from the class.
